

HELP FOR TODAY. HOPE FOR TOMORROW.

# FEED FAMILIES, SUPPORT RESTAURANTS AND SAVE JOBS

Calling all nonprofits to work together and help our community amidst COVID-19.

As nonprofit organizations, our local restaurants have always been there for us when we needed it. Let's return the favor! With Help4Hope, you can help feed local families in their time of need, while also benefitting our food-service industry and economy as a whole. The more we work together, the better we'll be for it.

## WHY WE NEED YOU

- Provide your charity recipients with a meal for four
- Help local restaurants who have helped us
- Show this community your heart

## HOW YOU CAN HELP

Create a team to manage and support this community effort:

- Make a list of your recipients who need Help4Hope cards
- Help distribute Help4Hope cards
- Donate cards to our local medical businesses and their staff
- Partner with other nonprofits
- Encourage donors to purchase cards for volunteers who may now be homebound

## OUR GOAL

Our goal is to raise **\$5,000,000** creating an economic stimulus program that will stabilize our local food-service industry.

Our mission is three fold:

1. **Help feed families** affected by this crisis
2. **Save local restaurants** by generating new business
3. **Sustain jobs** in the food-service industry

## DON'T FORGET

- Share with your followers on social media!
- Engage your boards and committees for assistance.
- Spread the word to your donors and encourage them to donate!
